

Bringing Hope • Transforming Lives

Our mission

We believe every life has value and purpose. Since 2006, Fundación Ecuatoriana Elohim has served vulnerable communities throughout Ecuador by providing food, education, training, and spiritual guidance.

Through the love of Jesus Christ, we seek to meet immediate needs, restore hope, create opportunities, and transform lives for generations to come.

How can you help

- **Donate** - Your generosity helps provide food, education, training, and hope.
- **Become a Volunteer** - Use your time and talents to serve alongside us.
- **Pray for us** - Stand with us in prayer for everyone we serve.
- **Share** - Help us reach more people by sharing our mission with others.

Why is your help vital?

To help us supporting actions such as:

- Feeding 500 children once a week.
- Donating school supplies and a pair of shoes for school.
- Providing medicine for children and families and bringing medical clinics to them.
- Rebuilding homes for local families and helping them start their own businesses.
- Maintaining the 5-hectare farm where we grow fruit and raise livestock to help feed families.
- The teaching and spiritual guidance that our church provides to the children.

Life of Faith

Bringing values and spiritual formation to vulnerable communities.

Education

We offer education and training workshops to break the cycle of poverty.

Soup Kitchen

We provide balanced nutrition to children, youth and adults at risk.

Bringing Hope • Transforming Lives

**Every life rescued
is a life renewed**

A group of young children are sitting at a wooden table, coloring portraits of Jesus. The child in the center is smiling and looking towards the camera, holding a yellow marker. To their right, another child is focused on coloring. In the foreground, a third child is seen from the back, also coloring. The table is covered with papers featuring a black and white outline of Jesus' face, with the word 'Jesus' printed below it. Various colored markers are scattered on the table. The background is a plain, light-colored wall.
